GRAND IMAGE HOME

Grand Image Home was designed so that every individual can curate their own personal and unique collection. By consistently carrying select artists and frame designs throughout each line, the artwork can be mix and matched for a polished and personalized look no matter your style. From bold statement pieces, to intimate ornate illustrations, atmospheric abstracts, and dramatic modern photography, there's truly something here for everyone.

Bring Grand Image HOME.

jill pumpelly FINE ART

Jill Pumpelly expresses her surroundings and feelings through abstract forms. She is inspired by human nature and the ways in which humans perceive themselves and the world around them. Each composition develops organically and through the process, she applies paint in layers, allowing traces of previous layers to remain visible so the colors can react with one another until a particular balance, depth, and feeling are present.

As an artist and former interior designer, Jill has a unique understanding of both the creation process, but also how it fits within the context of a home.

LILI ALESSANDRA

Lili Alessandra product ranges from “old world baroque” to “neoclassical elegance” to “modern naturalistic”. Lili’s passion for texture brings a unique mix of fabrics and colors that are defined with an array of embroidered and applique techniques.

The Lili Alessandra product is made by skilled artisans who translate each piece into a magnificent works of art for your home.

At Moss Studio, our mission is to provide quality products with innovative ideas of industry trends & craftsmanship. We produce & design upholstery, slipcovered seating, headboards, case-goods, textiles & bedding.

Our expertise is custom design and we have been making furniture since 1989. In the world of interiors, few things are more universally appealing than a well-made, comfortable, clean-lined sofa. Committed to creating functional pieces that command attention.

Each Piece is handcrafted in Los Angeles, CA

Pigeon & Poodle believes the details of a home are just as important as the furniture that fills your rooms. This philosophy is demonstrated in each of our accessories—a gorgeous toothbrush holder or handcrafted canister can elevate an entire bath, the perfect frame can heighten the feel of a whole space, and a good-looking storage basket can be your look’s missing link.

REGINA ANDREW

DETROIT

Our roots run deep in the city we call home. Known as the Paris of the Midwest, Detroit style and character (or courage) have shaped who we are, what we make and how we make it.

Our pursuit of inspiration has taken us across the earth to discover materials and forms that drive our designs. Crafted with an obsessive attention to detail and a quest to deliver the unexpected, our products, much like the journey that inspired them, have a story.

SONDER

LIVING

SONDER (n.) "the realization that each random passerby is living a life as vivid and complex as your own."

SONDER LIVING - THE ART OF INDIVIDUALITY. Discover all of our curated lifestyles in order to create the one that speaks most personally to your own brand of individuality. Just as styles develop and interior narratives unfold, the same can be said of ever-evolving design organisations looking toward the future.
